MANSI JOBANPUTRA

IT STUDENT

Gujarat, India | mansijbp33@gmail.com

SUMMARY

Second-year Information Technology student with a keen enthusiasm for Python and the field of Data Science and Analytics. I am dedicated to strengthening my core programming skills and developing a deep understanding of how data can drive meaningful decisions. By regularly participating in coding competitions and technical workshops, I continuously sharpen my logical thinking and practical problem-solving abilities. I aim to evolve into a proficient tech professional capable of creating impactful, data-oriented solutions.

EDUCATION

Bachelor of Technology in Information Technology **Aug 2024 - Exp. May 2028**

Birla Vishvakarma Mahavidyalaya

Higher Secondary Schooling **May 2022 - March 2024**

N.P. Bhalodiya High School

TECHNICAL SKILLS / LANGUAGES

Python	PHP	Java
C++	MySQL	Numpy
HTML, CSS, JavaScript	C	Matplotlib

PROJECTS

Saarthi AI

- Designed and developed Saarthi AI to deliver smart, data-driven automation solutions for real-time insights.
- Enhanced system performance by optimizing AI models and streamlining workflows for faster and more accurate results.
- Integrated continuous monitoring and improvement mechanisms to ensure reliability, scalability, and long-term efficiency.

Human Resource Management System

- Developed a Human Resource Management System to streamline employee data management, attendance tracking, and payroll processes.
- Automated recruitment and performance evaluation workflows to improve efficiency and reduce administrative workload.
- Integrated secure data handling and reporting features to enhance decision-making and organizational transparency.

CO-CURRICULAR ACTIVITIES

- Publicity Co-Head in Vishwakarma BVM.
- Team member of International Collaboration Cell BVM.
- Ex-Web Developer at CodeChef BVM.
- Actively participated in Data Science, AI and ML Workshop organized by IEEE BVM SB.
- Selected for Policy Hackathon organized by IIT Kanpur, collaborating in a team to develop problem-solving solutions under competitive constraints.
- Completed 4-week Machine Learning Workshop organized by ML Club, BVM.

EXTRA-CURRICULAR ACTIVITIES

- Anchored Alfaz-2025 and Alfaz-2026
- Actively participated in chess competition at Khel Mahakumbh

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Gujarati, Sindhi
- **Certifications:**
  - TCS iON Career Edge - Young Professional
- **Awards/Activities:** 1st Runner up in Python based treasure hunt competition.
